Care Instructions

Please read the following care instructions because damage to the surface and underlying material resulting from improper treatment is not covered by warranty. Do not use any abrasive sponges or scouring agents for cleaning. We also advise you not to use cleaning agents containing solvent or acid, limescale removers, household vinegar and cleaning agents with acetic acid in them. They are aggressive to the surface - and will leave your fitting dull and scratched.

Clean the fitting with a little soap and a moist cloth only, then simply rinse off and wipe dry. You can avoid lime spots by drying the fitting each time it is used.

Lifetime Limited Warranty

Warranty period: 2 years from the date of purchase.

Warranty card and proof of purchase, such as the bill of sale is mandatory when requesting warranty service.

JOEL reserves the right to designate a representative to inspect the faucet for analysis.

Warranty service does not extend to the followings:

Due to the occurrence of events of force majeure, such as fire, flood, storm, typhoon, lightning, earthquake or external damage such as acid and alkali liquid, vandalism, or other natural disasters and uncontrollable incidents.

Damages caused by the parts from the third-party which are unauthorized Installation, addition, extension, modification or repair.
